

Arkansas has released its 2017 tax tables. Before your first pay of the new year, verify that your state tax tables match the illustration below.

Note: The single and married tables share the same information. However, the **Annual State Standard Deduction for married employees filing jointly is \$4,400.00.**

1. From the Dealership Accounting main menu, click **Payroll**.
2. Click **Setup**.
3. Click **Tax Tables**.
4. Click **State Tables** and verify that your tables match the illustration below.
5. Click **Save**.
